

Annual Report 2021 Executive Summary

The IRC helps people whose lives have been shattered by conflict and disaster. We get help to those who need it most, despite politics, hostilities or harsh climates. When acute crisis abates, the IRC stays as long as we are needed.

Teenage girls in Sierra Leone participate in an education program intended to build confidence, knowledge, skills and friendship.

Dear Friends,

The IRC always keeps our clients and their needs in focus. Their resilience, their fortitude, and their individual stories inspire our mission and ground our work.

This abbreviated version of our full 2021 annual report looks at the IRC from the highest level, highlighting a sliver of our impact and illustrating how the IRC manages the funds entrusted to our care. It also showcases snapshots of our clients and staff around the world.

Our work helping people caught in the world's worst humanitarian crises is only possible because of our donors, partners and volunteers. I hope that you are as proud as I am of the IRC's work in 2021. Thank you for your support.

Warmly,

David Miliband
President and CEO

Where We Work

The IRC helps people whose lives and livelihoods are shattered by conflict and disaster, including the climate crisis, to survive, recover and regain control of their future. Founded in 1933 at the call of Albert Einstein, we work in over 40 countries worldwide.

Together with our supporters, we help people in some of the toughest places on Earth, including Venezuela, Myanmar, South Sudan, Ethiopia and Syria. In the U.S., we are leaders in resettling refugees, and worldwide, we help families integrate into their new communities.
