

2024 Annual Report

Executive Summary

Yandé Made holds her 2-year-old daughter close while they wait for her to be screened for malnutrition at an IRC health center in Fourkouloum, Chad.

Girls take part in activities and games at an IRC-supported women and children's safe space in Pakistan.

Dear Friends,

With your help, the International Rescue Committee (IRC) reached more than 36.5 million people across more than 40 countries in 2024. Thank you for your support and encouragement!

This scale of impact was achieved even as more people were displaced by conflict than ever before, climate shocks were growing, and extreme poverty was becoming more concentrated in fragile and conflict-affected states.

Given the challenges, I hope you will find inspiration here and in the full **2024 Annual Report**, where you'll discover powerful stories of IRC clients, staff and donors.

I am deeply inspired by our clients, proud of our teams and incredibly grateful for supporters and partners like you.

Thank you again for your steadfast support and partnership.

Warmly,

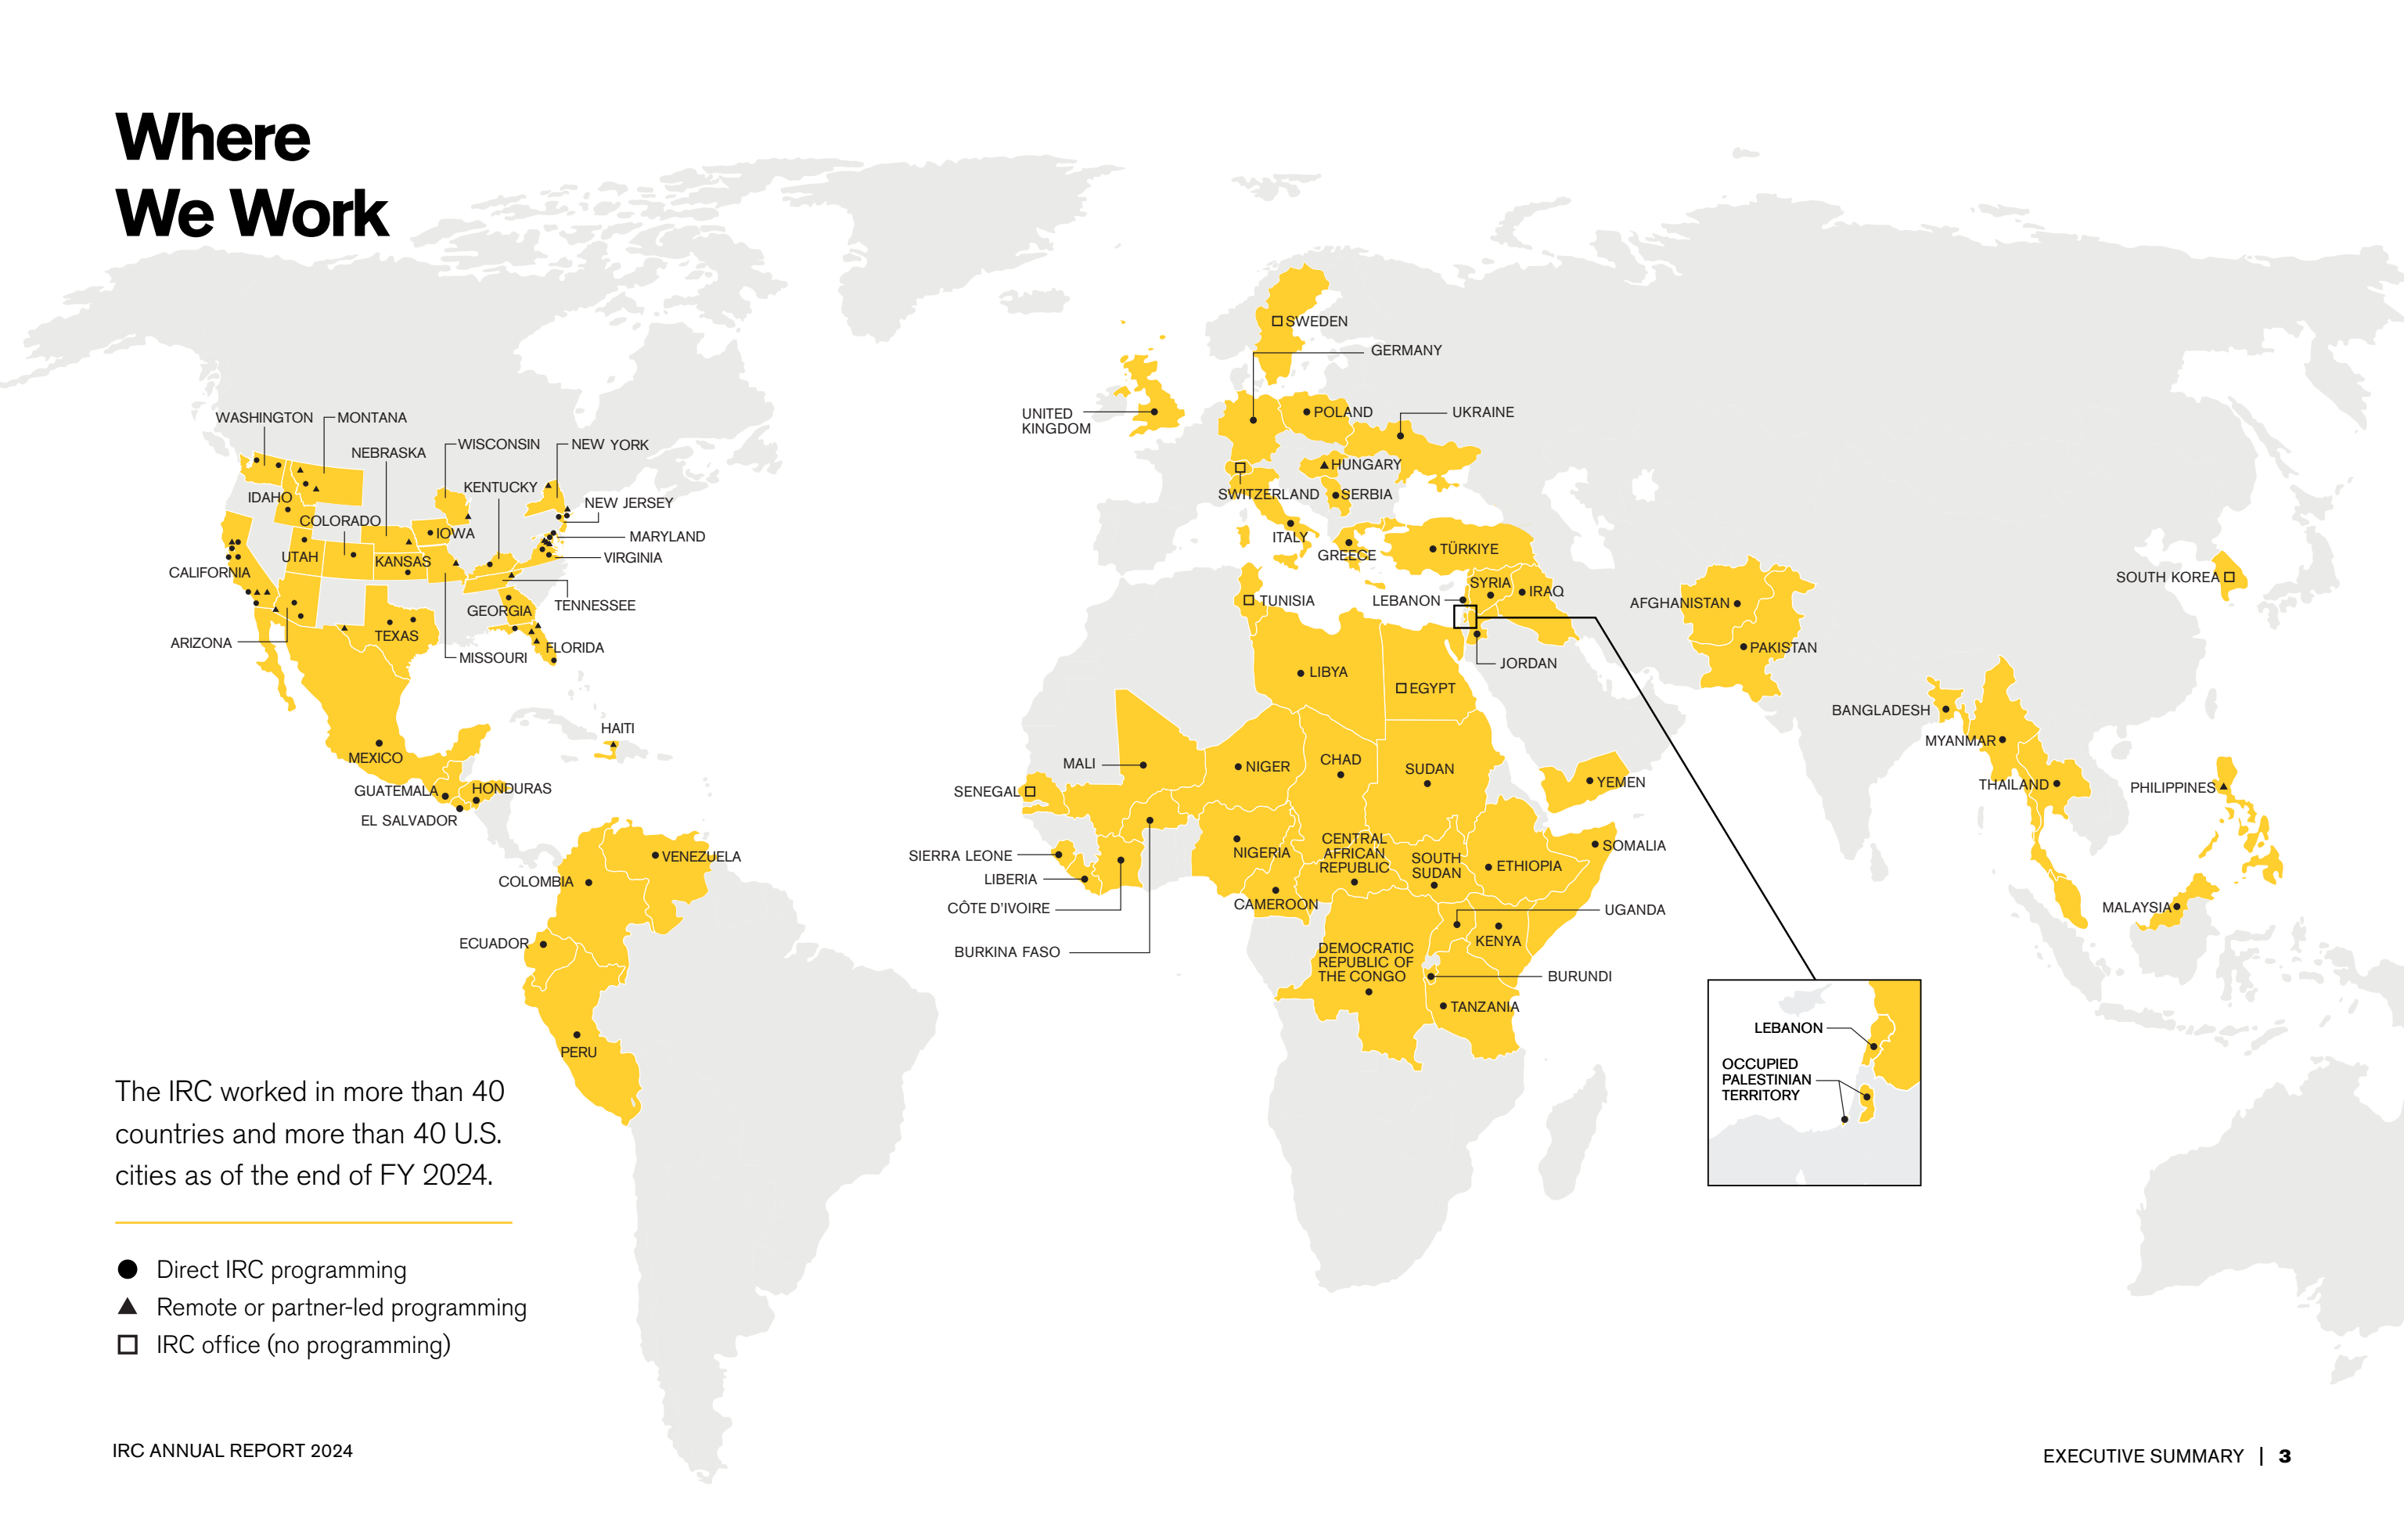

David Miliband
IRC President and CEO

Where We Work

The IRC worked in more than 40 countries and more than 40 U.S. cities as of the end of FY 2024.

- Direct IRC programming
- ▲ Remote or partner-led programming
- IRC office (no programming)

IRC Impact in 2024

36.5M
people reached
in countries affected by crisis

126,913 children supported
through IRC safe spaces and other protection programs

20,000 children

1,141,256
children and youth
received educational support

1,587,634
people reached
with cash assistance or vouchers

2,370,804
people accessed
clean water

40,444
survivors of gender-
based violence
received counseling

\$52,853,286
given in cash or vouchers

9,976,779
health consultations
provided

3,241
health facilities supported

688,240
people admitted
for nutrition services

A grid of 688,240 dots, arranged in 10 rows of 6,882 dots each. The first 9 rows are solid black, and the 10th row is white with black dots.

580,600
children under 5 admitted

107,640
pregnant or lactating
women admitted

IRC nurse Adoum Moussa screens 17-month-old Assinate Abdallah for malnutrition by measuring the circumference of her upper arm in a health clinic in Farchana, Chad.

Stories of Impact

Here are four powerful stories showcasing the IRC's work in malnutrition, education, economic empowerment and refugee resettlement.

- ▶ **80% of children with malnutrition don't have access to treatment.**

CLOCKWISE FROM TOP LEFT: A healthy Abdullahi joyfully clasps his grandmother around the neck, just months after recovering from a critical case of malnutrition. | Ahmad (right) and his mentor, Huthaifa, inspect a beehive frame at their apiary. Both men have benefited from the IRC and Citi Foundation's Resilient Futures business training program and small business grants in Jordan. | Since leaving Afghanistan, Maryam finds peace in painting. She said, "Art has been like a free therapy for me." | Students in Uganda learn their vowels with the help of LEGOs.

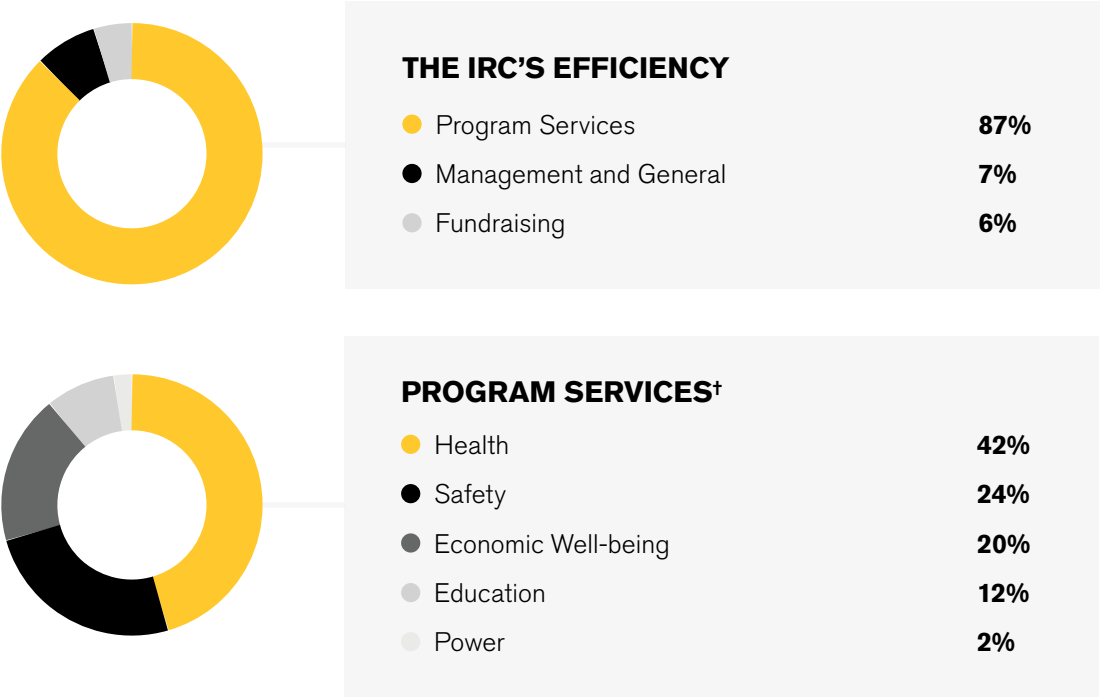

Financials

REVENUE, SPENDING AND ASSETS

Years ended Sept. 30, 2024, and Sept. 30, 2023 (Amounts in thousands)

	TOTAL REVENUE	TOTAL SPENDING	NET ASSETS (AT END OF YEAR)
FY 2023	\$1,362,967	\$1,481,483	\$298,402
FY 2024	\$1,579,999	\$1,619,662	\$281,606

EFFICIENCY AND SERVICES

†Organized according to the outcomes defined in the IRC's Strategy100

Maximizing Impact Through Cost Effectiveness

A growing number of crises demand urgent action, yet resources are critically limited. The IRC is meeting this challenge head-on to prove that humanitarian dollars can stretch further. Since 2015, we have conducted over 400 cost analyses, directly examining more than \$300 million in humanitarian spending across 37 countries.

Our cost-effectiveness approach is embedded across our programs—shaping how we design, implement and scale solutions to maximize efficiency for our clients. Our methodology focuses on:

- Building the evidence base
- Driving data-informed decisions
- Scaling what works
- Innovating for efficiency

See how our cost evidence strategy translates into real impact in the full [2024 Annual Report](#).

The IRC helps people whose lives are shattered by conflict or disaster to **survive, recover and rebuild** their lives.

Dr. Saihaam Al-Junaïd stands with Asma, 2, looking down at the shelter where Asma's family lives in Sahdah camp in southwest Yemen. Dr. Saihaam is part of a mobile medical team that serves internally displaced people in hard-to-reach areas.
